GREETINGS

This handbook is prepared to acquaint the students and parents with the program offerings and the rules and regulations of the White Lake Junior and Senior High Schools. We urge all parents, students, and teachers to read it carefully to aid in the understanding of our school.

Any society must be governed by rules. In a democratic society, these rules must not abuse the rights of the individual. However, the rights of the individual are accompanied by responsibilities. It is intended that the rules in this handbook will safeguard the rights of the individual and insure the responsibilities mentioned. Further, in a democratic society the only real freedom that we have is the freedom of self-discipline. Those who practice this freedom will encounter no burden in these rules.

From the time that you register at the White Lake High School, you are building your permanent high school record. This is a record of your academic achievement, and this record goes to the college or vocational school that you may attend. This information from these is very important to employers. **THE RECORD YOU MAKE WILL BE YOUR OWN.** You will be able to point with pride to the fine record you have made or you may wish to forget it, depending upon what you wish to make the record.

Achievement in high school is important and each student should be encouraged to rise to the highest level of which he/she is capable. The parents can enhance good study habits by providing a place to study at home and by insuring regular attendance at school.

It is the parent's obligation to see that their children understand that a school is set up for the primary purpose of academic achievement. All other activities are merely of secondary importance.

PARENTS HAVE THE RIGHT TO EXPECT:

1. That the high school will be operated in a business-like and responsible manner with both requirements and regulations being reasonable.
2. That parental inquiries, visits, and complaints will receive prompt and courteous attention, and that the school's response to these inquiries or complaints reflects a constructive and helpful attitude.
3. That teachers' grading will be as fair and impartial as possible and the basis for such grading will be understood by both students and parents.
4. That assignments will be definite with a reasonable amount of assistance given in class. That, on the initiative of the students, as much more individual help be given as resources will permit.

THE SCHOOL HAS THE RIGHT TO EXPECT FROM PARENTS:

1. That parents will assure that their student's attendance be regular and punctual.
2. That a student absent from school will make up work missed.
3. That extra help in a subject, beyond that which can be given during class time, should be on the initiative of the student.
4. The parents who expect their student to earn university entrance grades should demand a regular routine of home study. The total amount of such study should be from one to two hours a day. Its distribution among different subjects will be an individual matter.
5. That parent complaints be first registered with the lowest level as to provide the school an opportunity to make adjustments.

Finally, for us all

GOLDEN RULES FOR EASIER LIVING

1. If you open it, close it.
2. If you turn it on, turn it off.
3. If you unlock it, lock it up.
4. If you break it, admit it.
5. If you can't fix it, call in someone who can.
6. If you borrow it, return it.
7. If you value it, take care of it.
8. If you make a mess, clean it up.
9. If you move it, put it back.
10. If it belongs to someone else and you want to use it, get permission.
11. If you don't know how to operate it, leave it alone.
12. If it's none of your business, don't ask questions.
13. If it will brighten someone's day, say it!

The Administration, Faculty, and Staff at White Lake High School are here to help you learn and be successful.

Have a rewarding year!
Principal/Superintendent
White Lake School Faculty

MISSION STATEMENT

The mission statement of White Lake School District #1-3 is as follows:

“WE ARE HERE TO HELP YOU LEARN AND BE SUCCESSFUL.”

-----THE WHITE LAKE STAFF

WHITE LAKE SCHOOL DISTRICT 1-3 PHILOSOPHY

The White Lake School District 1-3 believes that people are our most valuable resources. We further believe in the supreme worth, dignity, and uniqueness of each individual.

The White Lake School District believes that the responsibility of the school is the education of children. While the home, the church and the community yield important influences, the best education outcomes can be attained through a joint effort of students, school staff, and the community. Our school not only must serve as a force of intellectual stimulation, but should foster social development. It should provide the highest level of academic training consistent with the needs of the community and offer a basic program of practical skills. The school shall strive to equip its students with the fundamental concepts necessary for life in a democratic society, supporting and re-enforcing the cultural, political, ethical, and moral values of this community and this nation.

The White Lake School District is concerned with the mental, emotional, and physical health of our youth. In accordance with this belief, we should strive to cooperate with law and health officials in the eradication of drug and alcohol problems.

We encourage and support those student activities that will give experience in the democratic process and demonstrate sound educational value. Our school is a community as well as a place of learning, and we strive to keep the various activities in a reasonable balance.

The ultimate purpose of the education process in the White Lake School District is to prepare each student to accept responsibilities to self, family, community, and country, thus becoming a contributing member in our changing global society.

White Lake District Parental Involvement Policy

In support of strengthening student academic achievement, the White Lake School District receives Title I, Part A Funds. Title I is a federally funded program designed to improve educational opportunities by providing aide to elementary and secondary education. The intent of Title I is to expand learning opportunities while supplementing basic skills instruction in reading and math. This program serves students who have need of improving their reading and/or math skills. As part of this program, we will jointly develop, agree on with, and distribute to, parents of participating children a written parental involvement policy. This policy establishes the district's expectations for parental involvement and describes activities and opportunities for parents within the district.

The goals of the Title I program are to:

- Develop positive attitudes towards reading/language arts and math*
- Individualize reading/language arts and math instruction according to student needs*
- Increase reading/language arts and math achievement*
- Increase student self-esteem*
- Involve children with parent(s) in reading/language arts and math activities at school and at home*

STATEMENT OF PURPOSE

The White Lake School District is committed to the goal of providing quality education for every student within the district and recognizes that some students may need the extra assistance available through the Title I program. It also recognizes the extremely important role a parent plays in the educational success of a student. As such, this School Parent Involvement Policy has been established to promote parental involvement within the school.

PARENT ADVISORY COMMITTEE (PAC)

The White Lake School District recognizes that one of the best methods to maintain positive communication with parents, and to establish sound public relations, is through temporary Parent Advisory Committees. These committees will be appointed when needed for specific time and purpose, and will be under the supervisory control of the superintendent or designee. Parents will be notified of PAC meetings through phone calls, newsletter, and e-mail communication. The PAC will help with the planning, reviewing, and an improvement of the Title I program. The committee will coordinate and integrate parental involvement strategies with all applicable programs including Head Start, preschool facilities, as well as, transition services.

TYPE OF PARENTAL INVOLVMENT

Parents can become involved with their child's education in many ways. The White Lake School District values the at-home contributions of families, and those that take place at school. Reading to students at home, helping with homework, and discussing the day's activities over the dinner table are as important as volunteering at school. We believe the education children is a team effort, so the White Lake School District will work to assist parents in understanding the academic standards, help parents work their child(ren) to raise achievement, and plan activities throughout the year for families.

TITLE I PARENT INVOLVEMENT GUIDELINES

The Board of Education believes that activities to increase involvement are a vital part of the Title I Program. Parents will have an opportunity to design, implement, evaluate, and suggest changes to improve the program. They will be provided with a description of current curriculum used at the School, the Content Standards adopted by the South Dakota Department of Education, and explanation of what assessment will be used to measure student progress and what goals and expectations have been set in relation to those assessments. Other major components of the Title I program include parental notification, parental in-service, student program reports, parent-teacher conferences, parent visitation, parent advisory committees, meetings, in-service for teachers, announcements, and policy dissemination.

A copy of the Title I Handbook will be distributed to all families who have a child in the program. The handbook and Title I Consolidated Application are on file in the office.

Additional information on the South Dakota Opportunity Scholarship may be found at www.sdbor.edu/opportunityscholarship/sdos/htm.

It will be required by the White Lake Board of Education, effective with the 1984-1985 school year, that any high school student who fails a required course of study will hereby do one of the following:

- A. Take the course over again during the regularly scheduled class period.
- B. Take the course through correspondence under the supervision of the Guidance Counselor. Any financial obligations will be incurred by the student.
- C. Exceptions to (A) and (B) above must be taken to the White Lake Board of Education for approval by and before the regular September meeting of the Board.

TRANSFERS FROM NON-ACCREDITED SCHOOLS

The White Lake School District will accept credits of students transferring from non-accredited schools subject to the following conditions or guidelines:

1. A standardized achievement test shall be administered and evaluated by the building principal and staff of the school.
2. The student will be placed in English and mathematics courses at the level of achievement demonstrated by the tests, as evaluated by the principal and appropriate staff. The student's placement may not be in a grade level higher than warranted by the student's chronological age, assuming entry into the first grade at age six and annual grade advancement thereafter. After initial placement, the child may be advanced according to the student's demonstrated performance.
3. In all other subjects the student shall be interviewed and shall take a departmental examination in each course for which the granting of credit is being considered. After the examination and interview with the student, the department chairperson and staff will recommend to the building principal whether or not credit be granted for the course.
4. No credit will be granted for any science course which is normally a laboratory course, unless clear documentation is provided demonstrating experience which are parallel or are consistent with those required in this district's science courses.
5. Any parent or guardian who is dissatisfied with the secondary placement of a student may appeal it to the Superintendent of schools. Final appeal after the appeal at district level may be made to the state Secretary of Education.

Legal Reference: SDCL 13-27-92 Placement of child who has attended unaccredited school or alternative program.

WHITE LAKE SCHOOL DISTRICT 1-3 DUAL CREDIT

The Board of Education believes that the educational program should be suited to the needs of each individual. To this end, on a selected basis, a pupil may receive dual credit enabling him/her to receive simultaneous high school and college credits.

Receiving simultaneous high school and college credit is an excellent opportunity for high school students planning to pursue post secondary education. Dual credit will be afforded at White Lake High School under the following conditions:

1. Dual credit is available only to junior and senior level students. Each student is still required to take 5 required White Lake classes.
2. A general conference including student, parent/guardian, counselor, teacher(s), and building principal is mandatory. The participants in the general conference will recommend approval or disapproval of the dual credit request. In the case of an approved request, they will also determine which course(s) will receive dual credit.
3. The student or parent/guardian may request to reverse this decision process at any time prior to the third week of the class. This request will be submitted in writing to the building principal.
4. The student may enroll in only two college level dual credit courses each semester for two consecutive years.
5. Each approved dual credit college class must be equivalent to at least a 3 hour or 4 hour semester credit level course and each student will receive ½ credit towards high school graduation.
6. The dual credit course(s) must meet the approval of the college institution involved and the local public high school.
7. A student will be classified as a full-time student at White Lake High School and must adhere to all the rules, regulations, and policies of the local school system.
8. Graduation requirements and course load requirements will not be waived by the administration for dual credit students.
9. Fees and costs associated with dual credit course(s) are the responsibility of the student and family (guardian).

INDEPENDENT STUDY POLICY AT WHITE LAKE HIGH SCHOOL

White Lake High School will recognize credits toward graduation from independent study courses taken at White Lake High School or correspondence courses taken through an approved independent study program which meet the requirements of the State of South Dakota and the White Lake Board of Education. These courses must be for enrichment or for make up only. All correspondence courses must receive approval from the White Lake administration and the local school board prior to enrolling in the course. An independent study course will not replace the regular curriculum set forth by the White Lake School Board.

If a student has not completed the work in a normally scheduled class at the end of the term, he/she may receive an incomplete. After two weeks, this incomplete may become an "F." An "F" may not be removed from a student's permanent record.

White Lake High School will allow students to take independent study courses taught by members of the White Lake Public School faculty under the following conditions:

- A. The student must demonstrate some extraordinary need that cannot be met by the regular curriculum within the regular schedule.
- B. The class must meet the requirements as set forth by the state board of education and local school board.
- C. An independent class does not replace White Lake required classes.

WHITE LAKE SCHOOL DISTRICT 1-3 EARLY GRADUATION

Graduation in less than four full academic years will be discouraged. However, students who will meet the graduation requirements by the end of their first semester senior year or final semester of the junior year, must submit a letter of application to the principal not later than the second week in the second semester prior to the date of the intended graduation. This letter of application must be signed by the student and by the student's parent(s) or legal guardian(s). The secondary principal will then establish a conference with the appropriate teachers, the parents, the student, and himself. If the committee recommends early graduation, a letter will be sent to the superintendent and the school board that must be signed by all committee members. A final determination will be made by the school board at their next regularly scheduled meeting. Criteria for early graduation may include:

1. A student must have earned a minimum grade point average of "C" or 2.0 on a 4.0 scale in all required courses to be eligible for early graduation.
2. Family moving from the district (parent(s) verification required).
3. Getting married (verification required).
4. Student pregnancy.
5. Entering post-secondary education-vocation/technical school or college (verification required from a school official where the student will be enrolling).
6. Student is one year or more behind in grade level from the year in which the student entered first grade.
7. No student will receive a signed diploma until all credits for graduation are verified (completed).
8. The school board reserves the right to award early graduation to students for any unusual circumstances that they deem valid.

Student criteria for early graduation shall include:

1. The student must have a minimum of a 2.0 cumulative grade point average for grades 9-11, with a 2.5 grade point average in the last semester of attendance in high school.
2. The early graduation application form signed by the parents and committee members as well as a statement indicating the reason for early graduation, is to be filed in a timely manner in the guidance office, principal's office, and in the student's permanent file.
3. A committee meeting to include all required members as stated above must be held.
4. A student must not need more than 3 total (six ½ unit courses) in the last semester in order to graduate early. In addition, only 1 (one) independent study class, extension class, or 2 (two) dual enrollment courses may be counted in the 3 total credits necessary the last semester.
5. Student Status: A student approved for early graduation shall be classified as class and grade appropriate: 1 year attendance (all courses passed-Freshman); 2 years attendance (all courses passed-Sophomore); 3 year attendance (all courses passed-Junior); and 4 years attendance (all courses passed-Senior).

MUSIC

General music classes will be required for all students in Grades K-8. These classes will stress music and basic fundamentals. Students will also have the opportunity to participate in band, solos, and ensembles.

CREDIT—Credit for music classes will be based on the amount of time spent in class. Each student will receive ¼ credit for each year of successful participation in chorus and ¼ credit for each year of successful credit in band.

MUSIC GRADING POLICY— Music grades will be based on performance tests given each quarter as well as participation, attendance at events and attitude. Attendance at all concerts is required unless you have an excused absence from the school the day of the concert. This also includes all contests attended. The Music grade will be dropped one letter grade for an unexcused absence from a concert or contest. The instructor and the administration reserve the right to excuse an absence under extreme circumstances.

INSTRUMENTAL RENTAL POLICY—

1. Any one using a school owned instrument will pay rent.
2. Rent of \$20 per semester or \$40 per year shall be charged for each brass or woodwind instrument.
3. Rent of \$10 per semester or \$20 each year shall be charged for percussion instruments.
4. Percussionists shall provide their own sticks.

ELIGIBILITY FOR ACTIVITIES (PARTICIPATION)

General Requirements-Only undergraduates or students who have not fulfilled requirements for graduation by attending high school for four first and four second semesters of high school and no more than eight semesters in all are eligible to participate in interscholastic activities as representative of a member school and in addition a student must meet the following requirements:

- a. Must be under 20 years of age at the time of participation.
- b. Must have enrolled no later than the sixteenth school day of the current semester.
- c. Must have successfully completed 20 hours of high school work per week in courses approved for graduation by the state educational authority for the preceding semester or for the most recent semester of attendance in school. For the purposes of this subsection, enrollment in school for about 15 school days or participation in one or more contests shall constitute a semester in determining eligibility. Provided however the Board of Control shall have the right to waive the 15 day attendance rule when and if a student withdraws from school after 15 days of attendance as a result of an injury or illness and does not return to school for the remainder of the semester and he/she does not receive any high school course credits and he/she has not participated in one or more inter-scholastic contests. The Board of Control of this Association shall request proper affidavits from the student's attending physical attesting to the fact that the injury or illness necessitated his/her withdrawal from school.
- d. Must have done passing work in at least 20 hours – 4 academic classes, of such courses from the beginning of the current semester up to the time of participation. Students not passing 4 academic classes after the semester will not be eligible to perform. The State Association does not allow reinstatement for semester ineligibility. For the semester, passing marks shall be determined from the records at the end of the semester which show the final grade.

For the purpose of the section, the first semester shall be considered as ending at midnight on Friday of the last week of that semester. Second semester of the school year, ends with the final day of school rather than the date of graduation exercise or diploma date. The state track meet is considered part of the second semester.

For all extra-curricular activities: No student shall be permitted to participate in an extra-curricular activity practice or event if he/she is not **present at least one half day of school day** of the practice, meet, or contest. (usually afternoon), unless approved by the Principal.

In regard to academic grades and eligibility, all requirements of the South Dakota High School Activities Association are to be met by students to be able to participate in co-curricular activities. The White Lake Board of Education also requires a student with a failing grade at any grading period to be ineligible for competition within any non-graded co-curricular activity until the next established grading period (which is approximately three weeks). Students who become ineligible at the end of the first semester will remain eligible until 2nd semester begins.

Priorities in co-curricular activities will be granted to those activities that offer credit for graduation in the event of conflict.

Students with a deficiency at any grading period will not be allowed to attend or participate in any activity during school hours unless it is a class or unless attendance is approved by the principal.

ATTENDANCE AT ATHLETIC CONTEST AND OTHER SCHOOL ACTIVITIES

Students who attend any school related event are subject to the same regulations that they would be during school time. The same regulations apply to both home and away activities.

All students are expected to stand for the school song and give the teams and cheerleaders the support needed to help produce a successful team.

All students are expected to remove headgear and to stand at attention facing the flag during the playing of the National Anthem.

Members of the student body who find it necessary to harass officials or members of the competing team will be evicted from the auditorium or stadium and may be restricted from attendance at future school activities. This conduct is also subject to additional school discipline, depending on the severity of the misconduct.

SCHOOL SPIRIT

School spirit may be divided into three categories:

1. **Courtesy**- Toward teachers, fellow students, visiting opponents, and the officials of school athletic activities
2. **Pride**- In everything our school endeavors to accomplish and has accomplished.
3. **Sportsmanship**- The ability to win and lose gracefully. School spirit means loyalty to all school functions. A loyal student supports the school and does his/her utmost to keep scholastic and activity standards at the highest possible level.

STUDENTS IN THE BUILDING AFTER HOURS

All students are required to be out of the school buildings by 3:30 pm unless under the direct supervision of a faculty or staff person. Only those students directly involved in an after school activity will remain after 3:30 pm.

ACTIVITY PRACTICE TIME

All activities shall cease so students may clear the building or area by 7:00 pm. This will enable all students the opportunity to eat their evening meal with their families, and the opportunity to complete their homework at a decent hour.

MARKING SYSTEM

We will use a single marking system this school year. The traditional marks for scholastic achievement will be as follows:

1. Grade “A” (Superior): The student does more than is required and does it exceptionally well. Few students earn this grade.
2. Grade “B” (Above Average): The student is accurate, complete and does more than is required.
3. Grade “C” (Average): The student does the work required but shows evidence of needing encouragement. Most students do average work.
4. Grade “D” (Below Average): The student does not meet all assignment requirements of the teacher.
5. Grade “F” (Failing): Work is unsatisfactory.

Grades entered on the permanent records shall directly reflect those as entered by the instructors on the report cards.

SEMESTER TESTS

All students, grades 7-12, will be required to take semester tests. Two days at the end of each semester will be designated semester test days. Semester tests comprise 20% of the semester grade.

Only students with privileges will be allowed to miss any study hall time during semester tests. Students may leave after their last semester test on the 2nd day.

INCOMPLETE GRADE POLICY

White Lake Public School

If a student has been absent and has not completed the assigned work in any scheduled class at the end of the term (Quarter or Semester), he/she will receive an incomplete. When computing grade point averages, honor roll, class rank, etc., (at the end of the quarter or semester) the incomplete is computed as a zero and counts the total number of classes taken during that period. After two weeks, the incomplete work must be made up and the appropriate grade will then be reflected in the students' records. If the work is not made up after two weeks, the incomplete will become an "F". After two weeks, an adjusted grade point average and class rank will be recorded to reflect the final grade as earned by the student.

HONOR ROLLS

Grade points for the Honor Roll will be awarded according to the following 4-point scale:

"A"	= 4.00 (3.90 – 4.00)
"A-"	= 3.70 (3.80 – 3.60)
"B+"	= 3.40 (3.50 – 3.30)
"B"	= 3.00 (3.20 – 2.90)
"B-"	= 2.70 (2.80 – 2.60)
"C+"	= 2.40 (2.50 – 2.30)
"C"	= 2.00 (2.20 – 1.90)
"C-"	= 1.70 (1.80 – 1.60)
"D+"	= 1.40 (1.50 – 1.30)
"D"	= 1.00 (1.20 - .90)
"D-"	= .70 (.80 - .60)
"F"	= (.00 - .00)

The Honor Roll will be divided into two categories as follows: **GOLD** = Grade Point Average of 3.60 to 4.00*; and **SILVER** = Grade Point Average of 3.10 to 3.50

* A student with a perfect 4.00 GPA will be identified on the Gold Honor Roll with an "*". A grade of a "D" will disqualify a student from any Honor Roll. A student must be enrolled in at least five units of academic credit (not to include band or chorus) to qualify for the honor roll.

The Honor Roll will be published at the end of each nine week marking period. We will also publish a semester honor roll at the end of each semester and at the end of the school year.

Seniors who wish to qualify for HONOR STUDENT status must have an accumulative semester GPA (grade point average), in grades 9-12, of 3.10 AVERAGE (or greater). These students will receive gold honor cords to wear over their gown when graduating.

CLASS RANK

Only academic courses will be used to determine class rank. Band, chorus, etc., will not be used to determine class rank. Class rank will be figured after each semester using semester grades and will be determined using the four point system as follows: (Beginning with Freshmen entering in 2010, Band and Chorus will also be used in determining class rank).

“A” and “A-“ = 4.00
“B+”, “B”, and “B-“ = 3.00
“C+”, “C”, and “C-“ = 2.00
“D+”, “D”, and “D-“ = 1.00
“F+” and “F” = 0.00

In case of ties between Valedictorian and Salutatorian, ACT test scores will be used. The student with the higher ACT test score will be given higher rank.

TWELVE POINT SYSTEM

The twelve point system accompanies the “Percentage Grading Policy of the White Lake School District” may be used in a support roll to validate the GPA (grade point average); the Honor Roll; the Class Rank.

NATIONAL HONOR SOCIETY STUDENTS

The White Lake High School encourages and recognizes students who are outstanding on the basis of character, leadership, service, and scholarship.

Students must acquire and maintain a grade point average of 3.0 or better through out their high school career and demonstrate the characteristics noted above.

After these senior students have been declared eligible by their 3.0 GPA they are then rated by a panel of faculty members.

WHITE LAKE SCHOOL DISTRICT 1-3 HIGH SCHOOL ACADEMIC LETTER POLICY

A student may earn an academic letter by maintaining at least a 3.6 GPA or better on a 4.0 point scale. A student “letters” by earning the appropriate grade point average in three (3) out of the last four (4) semesters in attendance at the high school level. The student must also meet the minimum attendance requirements as established by the White Lake School District.

To be eligible, a student must be enrolled as a full time student. A full time student is defined as someone enrolled in a minimum of six academic courses and/or 5 academic courses plus instrumental and/or vocal. Transfer students and home school students are eligible if they meet or exceed the same qualifications as stated above.

When a student earns an academic letter the first year, he/she will receive a certificate and a chenille award.

SCHOOL HOURS

School hours are 8:00 am to 3:21 pm. Students should NOT be at school before 7:45 am. (**Main Vestibule doors will be locked until 7:30am**). School dismisses at 3:21 pm. Students need to leave the building no later than 3:25 unless they are part of an after school group or other arrangements have been made. **Students will not be allowed to stay on school property unsupervised after this time.**

Breakfast for grades 7-12 students will be served from 7:45 AM-8:00AM. If a student intends on eating breakfasts, they must report to the lunchroom during that time frame. If a student does not plan on eating breakfast, they must report to the study hall area until the 1st period bell rings; then they must report to their first period class. No student is allowed to loiter in the hallway or parking lot.

STUDENT ATTENDANCE REGULATIONS

Attendance is an important part of each student's permanent record. Colleges, as well as future employers, are very much concerned about high school attendance. A large number of companies who employ high school graduates require that a specific explanation accompany transcripts which indicate why a student has been absent from school. All reasons for absenteeism and tardies for the four years will be recorded and filed in the student's personal folder.

Daily attendance of all students who are enrolled in the White Lake School is required in accordance with the state law and school board regulations. Students who are constantly absent cannot expect to earn passing grades.

Once a student has been in attendance at 8:00 AM, he/she will not be excused from school without first presenting the office with a written parental excuse or a telephone call from the parent. The student's parents are asked to call the school by 8:15 AM if the student is going to be absent that day, unless the student brought a parental slip the day before. If no call is received by 8:15 AM, a call will be made to the parents to verify the absence.

EXCUSED ABSENCES

Absences of students will be excused by the principal upon receipt of a written, signed explanation from the parent/guardian. A telephone call from the parent/guardian will also be acceptable. These absences will include:

1. Personal illness of such seriousness as to make attendance at school unsafe, impractical, or harmful either to the student or to others.
2. Bereavement or a serious illness in the student's immediate family.
3. Weather so inclement as to endanger the health or safety of the student.
4. Observation of a major religious holiday.
5. Doctor's appointment.
6. College visitation/job shadowing for juniors and seniors. (1day each year)
7. Working with parents at home **UNLESS** it becomes habitual.

All of these absences unless approved by the principal will be counted day for day. Once a student has missed 8 times during a semester, then each absence thereafter will require a medical slip to explain the student's absence or the principal's approval. Failure to provide a medical slip or get the principal's approval will result in an unexcused absence. It is critical for the students and parents to conserve the 8 excused absences for emergencies.

A student may be excused for other reasons with the approval of the principal. Students who have missed 8 days will need suitable grades (A's, B's, C's) before consideration will be given to excusing any further days. Also, extended absences for things such as hunting, fishing, concerts, games, vacations, etc. will require suitable grades and principal permission. Students with good grades may be excused from school attendance for up to 5 days to attend a state or nationally recognized youth programs of educational value. (ie. State Fair, Science Fair, etc.) Students who attend the State Fair will not be counted absent, but they will be responsible for making up their school work.

UNEXCUSED ABSENCES

Any absence not listed under "Excused Absences" or approved by the principal is unexcused. Credit will not be given for work missed for any reason which is unexcused. Absenteeism reaching beyond 8 absences per semester will require a physician's statement certifying the validity of such absence.

In order to encourage regular attendance, the following process will be used by the principal governing all absences.

1. Each student is allowed 8 absences per semester. Parental/guardian notification will be needed each time the student is absent.
2. The parent/guardian will be notified by telephone, E-mail, or letter when a student has missed 8 times.
3. Once a student has missed 8 times, the 9th time no matter what reason will require principal permission or a physician's statement verifying an illness.
4. If a physician's statement or principal permission is not received, the student will receive a "Zero" for any grade taken in the classroom the day of the absence.
5. Principal permission will hinge on the quality of grades the student has during the 3 week grading period. (Any "D" will keep the principal from excusing any absence)

COUNTING ABSENCES

Absences will be counted in the following manner:

1. Absences due to participation in school sponsored activities will not be counted.
2. Absence due to a serious illness, bereavement, or serious illness in the student's family can be counted as one absence---taken on a case by case basis.
3. Other than the state fair all other absences unless approved by the principal will count one-for-one for the days missed.
4. Days will divided down into 8 class periods. Consequently, 8 absences from class will result in the 9th absence as being unexcused unless properly handled as listed above.

1st Reading: July 13, 2009

Approved: August 10, 2009

MAKE-UP WORK

Any student tardy or absent for any reason must obtain a make-up slip or admit slip from the school secretary's office before being admitted to class. The student will have two (2) days for each day absent to make up worked missed from personal illness or death in the immediate family. All other absences will require work made up prior to the absence. The make-up slip shall contain assignments the teacher has determined to be made up and is to be initialed by each teacher. The slip is then returned to the secretary's office on or before the due date indicated on the slip. Absences for school related activities will not require make up slips.

If a student cannot make up the work in the allotted time, additional time may be arranged with the instructor and principal,

Work not made up in allotted time will result in a zero (0%).

LEAVING SCHOOL DURING THE DAY

When a student finds it necessary to be absent from study hall or class after attending part of the day, it will be necessary to obtain permission from the **Principal** or in case of emergency, from the teacher in charge, to leave the school premises.

TARDY POLICY

A student is tardy when he/she is inexcusably late for a class.

Tardies become a part of a student's permanent record. Tardies also become a bad habit. In many cases, tardies are a more important factor to employers than are grades.

Tardies any time of the day will be treated the same.

Per Nine (9) Week Period:

- 0-2 Tardies----no detention
- 3 Tardies---1/2 hour detention
- 4 Tardies---1 hour detention
- 5 Tardies or more----1 day of in-school suspension per/tardy

Each 9 weeks is a new slate for tardies.

ABSENCE FROM SCHOOL FOR AN ACTIVITY

Participation in any school activity is not listed as an absence even though it takes the student away from school. Attendance at the event must be approved by the **Principal** and make-up work must be done ahead of time or the students will not be allowed to attend the activity.

The school officials will encourage attendance in the activity as long as the student can profit from the attendance and his/her conduct is compatible with the welfare of the group.

DRESS POLICY FOR STUDENTS

Students may wear shorts during the fall semester until November 1st and during the spring semester from April 1st until the end of the year. No tank tops, tube tops, no bare mid-riffs, etc. will be permitted. Shirts or tops with logos advertising tobacco or alcohol or with profanity and unseemly wording will not be permitted. All clothing should exhibit good taste. Shorts must be no shorter than an arm length. Caps or hats will not be allowed inside the buildings at any time other than special events----special days such as Western Day, etc. during homecoming week. Punishment will be 1st offence-1/2 hour detention; 2nd offense-1 hour detention; 3rd offense-insubordination. On the field trips, activity trips, etc. appropriate dress will be established by the supervisor in charge, but cannot include levis or blue jeans.

All visiting students must abide by the dress codes of the White Lake Students.

GUIDANCE SERVICES

Guidance service has been set up for all students desiring information and assistance with problems they may be confronted with during the school year. The main objectives of the guidance service are to help students help themselves, to help them think for themselves; and to give them the resources to depend on themselves rather depending on others.

The following services have been set up by the guidance department to assist students in making wiser, more realistic decisions:

1. Counseling Services

All students in the White Lake High School will have at least one scheduled counseling period sometime during the year. Educational planning, test interpretation, and occupational information will be discussed during that time.

Counseling services will also be available to students on a voluntary basis for those desiring additional information or help. All matters discussed during counseling interviews will be held confidential.

2. Tests and Interviews

The Stanford Achievement Test and other batteries and inventories will be administered throughout the school year by the guidance department.

3. Cumulative Records

A cumulative record will be kept for each student in the White Lake School System and will include such information as: test scores, school grades, health records, work experience, discipline records, family records, and other information that will be meaningful to the school.

4. Information services

Students are encouraged to check with their counselor and other faculty members when information on college enrollment and scholarships are desired.

PARENT/TEACHER CONFERENCES

There will be a conference session between parents and teachers during the first and during the third marking periods of the school year. Report cards or progress reports may be issued to parents on the day of the conferences. Teachers or parents may request additional conferences during mutually agreed upon times.

STUDY HALL RULES

1. Each study hall teacher will prepare a seating chart for his/her study hall and keep this chart at the teacher's desk.
2. Study halls are to be completely quiet unless the teacher has given a student permission to speak. (Students are to stand by the desk of the person to whom they are speaking. Speaking time will be limited to two minutes and must pertain to classwork. Only one student may be allowed to speak at one time.)
3. If students want to study together, they must obtain permission from the study hall teacher.
4. Students are to use the restrooms and drinking fountain on the first floor of the main building. Each study hall teacher will maintain a sign out sheet.
5. Students may use the computers in the computer lab for academic purposes. Prior to that study hall, students must obtain a permission slip from the teacher who has assigned the academic work.
6. E-mail will be limited to before and after school in the main computer lab with supervision.
7. Students wishing to see a teacher during the study hall time must have a pass from the study hall monitor.

These rules are to serve as a guideline for conducting a study hall.

LIBRARY RULES

The librarian will post regulations concerning the use of the library. Library books may be checked out for a period of two weeks. When a book becomes due, an extended checkout may be obtained for a period of one week. A fee of 5 cents a day will be charged for books that are overdue. Any lost or damaged books will be paid for by the student who loses the book or who damages the book.

SCHOOL BREAKFAST AND LUNCH PROGRAM

Breakfast and lunch will be served each school day beginning on the first day of school. Students are expected to remain in line while moving through the serving area. Running, shoving, and jumping line will result in the student being placed at the end of the line. In regards to late starts, breakfast will not be served.

Breakfast will be served for \$1.50 and noon lunches will cost \$2.70 for Grades PreK-6 and \$2.95 for Grades 7-12. Afterschool snacks are \$.80. Extra milk is \$.50.

School meals should be paid for in advance. Breakfast and Hot Lunch Accounts with no credit balance will have 3 school days "grace period". After the 3-day grace period, arrangements must be made with administration.

SCHOOL BUSES

1. Students must be on time. The bus drivers cannot wait for those who are tardy.
2. Conversation with the driver while the bus is in motion is prohibited.
3. Students are to remain seated at all times. Once a student has taken a seat on the bus, the student must remain in that seat until the bus has reached the drop off point for that student. Any violation of this rule will lead to: a) a seating chart which places that student in the front seat next to the driver. b) forfeiture of that student's right to ride the bus. **STAYING SEATED IS A SAFETY REGULATION**
4. Classroom conduct is to be observed by the students while they are riding the bus. Any student who is guilty of misconduct (**SWEARING, THROWING OBJECTS, MOVING FROM SEAT, HARASSING OTHERS, ETC.**) will forfeit the right to ride the bus.
5. Waste receptacles are available on each bus. Purposely throwing paper, cans, or any rubbish on the floor of the bus will result in the student cleaning the bus.
6. For safety reasons, the students will not be allowed to extend their arms or head out of the bus windows.
7. Students should await the signal from the driver to cross a road or highway. By looking through the mirrors the driver can see if a car is coming from either direction while students cannot. Students should cross at approximately 10 feet in front of the bus.
8. Any damage to a bus should be immediately reported to the driver.
9. Students who will not be riding the bus should notify the driver in advance so he can make necessary time adjustments.
10. If school vehicle is used instead of a bus, all passengers must wear seat belts.

BUS SERVICE DURING INCLEMENT WEATHER/POOR ROAD CONDITIONS, ETC.

When inclement weather creates poor road conditions, the school bus will travel only on roads that the bus driver determines to be safe and not jeopardize the health and safety of students and driver. The drivers are very concerned about unsafe conditions caused by snow, soft road beds, soft shoulders on narrow roads, sinking culverts, etc.

We always try to keep the safety of our students and drivers as the first priority. You as a parent/guardian may choose to keep your child at home during periods of inclement weather. (Please read # 3 of Excused Absences) If you do not feel comfortable with sending your child to school via the bus, you may want to transport them yourself.

There may be times when the school will be in session but the buses will not be running. This has been done periodically in the past, and will continue to be an option. The majority of the students live in town or close enough so travel to school is not an issue.

DRIVING CARS

Students may drive cars to and from school, but will not be allowed to drive during the school day unless they have permission from their parents/guardians and the principal. If it is necessary to use a car during the school hours, including the noon hour, student may be given permission by the principal upon approval from the parents/guardians—this may be done in a written request or a telephone call. If the car is used for any purpose other than that requested, this privilege will be taken away from that student. Reckless driving on the school grounds or on the way to or from school will be turned over to the local law enforcement officials and the privilege of parking the car on school grounds will be denied to the student.

TELEPHONES & CAMERAS

Students will not be called to the telephone unless an emergency exists. Call back numbers will be taken and the student notified. He/she may use the secretary's phone during study hall time, or the gym lobby telephone during the noon hour with permission of the Principal. Students will not be allowed to use the school telephones unless it is absolutely necessary. Students may use the telephone in the Gym lobby after a school activity.

Student use and possession of cell phones is strictly prohibited. The privacy issues created by camera phones and the disruption caused by all cell phones and text messages cannot be tolerated. Nor will students be allowed to leave the school building between 8:00 a.m. to 3:21 p.m. to use their cell phones.

Cell phone and digital camera use in the locker rooms will result in immediate suspension. All other violators in regards to cell phones at school: 1st offense-1 day suspension; 2nd offense-2-day suspension; 3rd offense-3 days out of school suspension.

HALLWAY TRAFFIC

For safety reasons students are not allowed to run in the hallways. Every year there are minor tumbles on the long staircases. Please use the handrails to avoid accidents. Students must travel the hallways in a courteous and quite manner. Violations of this rule will result in detention.

CLASSROOM BEHAVIOR

It is imperative that students maintain self-control during their time within the school building and gymnasium. No student will be allowed to disrupt a classroom or an activity. Teachers and coaches have control of their rooms and/or area, and will assign detention to any student who misbehaves or is disruptive. If the student continues to be disruptive then he/she will be asked to leave the area and report to the principal. Parents/guardians will be notified and appropriate action will be taken as described by this handbook.

Teachers may keep a student after school anytime that they deem necessary to eliminate any negative behaviors by a student.

ACCIDENTS AND INJURIES

White Lake Public School will be very proactive in trying to provide a safe and healthy environment for the students in the school and in activities. However, it is very important for students and parents/guardians to know and understand that the **school does not have insurance to cover medical, optical, and/or dental expenses as a result of an accident or injury in class, on the playground, at a school sponsored activity, and etc.** Classes with science labs or shop projects offer more of a risk to students than conventional lecture classes. Athletics also place students in a situation with risk of injury. Parents/guardians should review their private insurance policies to make sure that their child is properly protected from financial loss due to accident or injury.

FIRST AID

The school secretary's office has basic first aid supplies—band aides, cold packs, disinfectant, etc---any other medication is unlawful for the school officials to dispense without parental permission.

TEXTBOOKS

Each student will be responsible for the textbooks issued to him/her at the beginning of the year. The teachers will make note of the condition of the book when they issue it to the student and will check it upon its return. If a book is damaged, it will be necessary for the student to pay for the repair or the replacement of the book.

ASSEMBLIES

General assemblies will be occasionally held for all high school students. Depending on the length, these assemblies will be held in the Gym or the study hall area.

“NO SCHOOL” ANNOUNCEMENTS

“No school” announcements will be made over the radio and television stations. If possible these announcements will be made prior to 6:30 AM. The families of the White Lake students have been divided into a calling tree, so every family will also receive a telephone call from a staff member regarding closing the school for the day, a late start, or an early dismissal.

SENIOR PRIVILEGES

During the school year, seniors may be granted certain privileges above and beyond those of the underclassmen. These privileges are granted on merit and are described on a permission paper that is signed by the student and the parent/guardian. Permission for these privileges has to be granted by the Board of Education through the Administration of the school.

COMMENCEMENT

It is the policy of the White Lake School that caps and gowns be worn at commencement ceremonies. These will be purchased by the school and will be worn over appropriate clothing conducive to a ceremony which represents White Lake. (slacks, dress shirt, blouse, dress, etc.)

ACCIDENTS

Any accident that happens on school property or during a school activity should immediately be reported to the person in charge of the activity and also to the principal. The parents should be notified as soon as possible. An accident report should be filed in the school office.

FIELD TRIPS

All field trips, except those within walking distance, will be taken in a school bus. All field trips will be supervised by the teacher who organized the trip. If the group is large enough to require more supervision, the teacher may call on parents or other responsible adults to help chaperone. All field trips need to be approved in advance by the principal.

MONIES AND VALUABLES

Monies and valuables brought to school are not the school's responsibility. Individuals who bring money or valuables to the school are responsible for keeping it in their own possession or giving it to a responsible adult to keep for them.

DISCIPLINE

Discipline is based on the judgment of the adult who sees the wrongdoing. The purpose of school discipline is to help the student correct his/her behavior and learn what is appropriate. There is a significant difference between discipline and punishment. Discipline is teaching or training someone to act in a certain way----punishment is the consequence for not doing so. Almost every parent wants his or her child disciplined----punishment is another matter. This handbook lists many of the consequences for certain behaviors.

The students at White Lake are promised four things by their principal:

1. You will be treated with decency and respect.
2. You will be allowed to tell your side of the story.
3. If you have been wronged, you will be defended
4. If you have violated the rules, you will have to face the consequences.

When you choose a behavior you also choose the consequences----They go together.

DISCIPLINE / DUE PROCESS

Violations Against Persons, Property, Public Health, Safety, and School/State

The White Lake Board of Education has the authority to make reasonable and necessary rules governing the conduct of students in the White Lake School. Teachers and school administrators will administer discipline within the guidelines adopted by the State Board of Education and the specific policies rendered by the White Lake Board of Education.

The intent of these rules is to provide students with a definition of acceptable behavior and to equip teachers and school administrators with a code of disciplinary responsibilities. The rules will be interpreted by the principals and their designees in a manner in which they deem just—given the circumstances of the individual cases. Additionally, administrators will have the authority to enforce other reasonable disciplinary action that they find warranted by the situation.

Students shall be afforded the rights of fair procedure or due process. This includes the right to (1) be informed of conduct which could result in disciplinary action against them; (2) notice of any rule violation; (3) explanation of the evidence supporting the charge; (4) an opportunity to present the student's side of the story; (5) a penalty that is proportionate to the violation.

The following behavior is considered unacceptable and will not be permitted in the White Lake School, on the school property, at school sponsored events or activities, or when the behavior is such nature that continuation of the child in school would clearly be detrimental to the education, welfare, safety, or morals of others. The administration retains latitude to modify the penalties as deemed necessary.

PERSONS:

1. Pornographic Material

Possession of material deemed pornographic by the administration may be grounds for suspension

2. Fighting

All individuals engaged in fighting may be grounds for suspension.

3. Violence, Coercion, Force, Threatening, Intimidation

All individuals who demonstrate or use violence, force, coercion, threats, intimidation, insubordination, or similar conduct that constitutes interference with students, staff, or school purposes may be grounds for suspension and/or expulsion.

4. Physical Injury

All individuals who cause or attempt to cause physical injury to any school employee, student, or guest of the school may be grounds for suspension and/or expulsion. Cases in which physical injury is caused by accident no action will be taken when there is reasonable belief that it was necessary to protect another person or self as determined by the White Lake Administration.

5. Weapons

All individuals who possess, handle, or transmit any object or material that could inflict bodily harm or is considered a weapon by the school administration may be grounds for suspension and/or expulsion. All individuals who use obscene or disrespectful language or communication and/or demonstrate obscene gestures as determined by the White Lake Administration may be suspended.

7. Controlled Substances

Students can be suspended or expelled for possessing, consuming, selling, or soliciting tobacco, alcohol, marijuana, or any illegal drugs while the student is on school grounds, at a school activity, traveling to an activity, or during regular school hours. Imitation products such as “non-alcoholic malt beverage”, “near beer”, etc. will be included in the rules above. Intoxication/evidence of use prior to attending school activities either home or away may result in suspension or expulsion.

8. Profanity

Swearing is not part of an acceptable learning environment of a good school system. Any time a student uses that kind of language, he/she is risking being disciplined. However, because society has a tendency to misuse slang, it is important to make a distinction as to the nature of swearing. Unless it is extremely vulgar or obviously premeditated, using a swear word will be treated as a minor discipline problem and result in detention. The student will not lose any privilege to participate in activities. Whether this type of problem is referred to the office or handled by the teacher is up to the teacher's discretion. However, swearing at another human being is an entirely different matter. This degrading and intimidating action, whether light or serious in nature, will be considered a major discipline problem. It will result in an in-school suspension and possibly an out-of-school suspension; and thus, the student will lose privileges during the time of suspension.

PROPERTY:

All individuals who destroy or attempt to cause damage to private or school property, steal or attempt to steal private or school property, while serving in the capacity of representing the school as a participant, spectator, etc., may be suspended and/or expelled. In addition, full compensation shall be made to the injured party.

PUBLIC HEALTH AND SAFETY:

All individuals who participate in bomb threats, false fire alarms, or other acts that impede upon the health and/or safety of others may be suspended and/or expelled. In addition such acts will be reported to the local law enforcement agency for proper disposition of the incident.

SCHOOL/ STATE:

1. Insubordination/Habitual Disobedience
Student conduct deemed by the administration or designee to be insubordinate or situations in which the student is shown to be habitually disobedient may result in suspension and/or expulsion.
2. Students who are determined to be untruthful to a staff member will be considered insubordinate.
3. Secret Clubs or Societies, Activities not in the Best Interest of the School
Student participation in non-school activities in which the student's conduct presents a threat to himself/herself or others and is not in the best interest of the school may result in suspension and/or expulsion.
4. Engaging in Illegal Activities Breaking the law, the consequences of which pose a threat to the student, staff, or others and are not in the best interest of the school, may result in suspension and /or expulsion.
5. Student Dress
Students are expected to dress with standards that enhance a learning environment. Profanity, suggestive themes such as alcohol, tobacco, drugs, sex, racial slurs, violence, colors of non-school activities, or other attire deemed not suitable by the administration will not be permitted on school premises or at school activities off premises.
6. Authorized or Unauthorized Visit to Another School
Any offense committed by a student on another campus whether on an authorized or unauthorized visit shall be punished in the same manner as if the offense had been committed at the White Lake School.
7. Excessive Exhibition of Affection
Students who exhibit excessive affection (anything more than holding hands) in hallways, classrooms, at school sponsored activities, etc. can be expected to be referred to the principal. Discipline can be from detention to suspension for those who are uncooperative.
8. Abuse of Computer Privileges
Use of a computer for non-school related purposes without the permission of the classroom teacher or supervisor will result in 1st offense – ½ hour detention; 2nd offence – 1 hour detention; etc. Any other violation of the District's Internet Safety Policy or Network Acceptable Use Policy will result in suspension or expulsion.

DETENTION

Detention is imposed upon disruptive students so as to maintain a better educational attitude at the White Lake School. Detention is given in ½ hour increments and is for those students that are misbehaving in the halls, classrooms, lunchroom, gymnasium, etc. Students who are serving detention must bring something academic to work on during this time. Detention is after school every Thursday (starting at approximately 3:25pm) while school is in session or the established detention day for that week. Any student given detention on an established detention day, will serve his/her detention the following week. Detention will take priority over any other activity. Any student who misses detention without administrative permission, will be considered insubordinate (Refer to Page 33). A teacher at his/her discretion may place a student on detention who is disrespectful, discourteous, a discipline problem, and etc. The parents or guardian will be contacted by telephone by the person assigning the detention.

1. FIRST VIOLATION OF THE YEAR

Students will be warned and a copy of the violation will be kept on file and parents/guardians will be notified. One half (1/2) hour of detention will be assigned.

2. SECOND VIOLATION

Students will be counseled, a copy of the violation will be kept on file, and parents/guardians will be notified. One hour (1) of detention will be assigned.

Refer to habitual disobedience.

Any disciplinary action involving students will be handled on an individual basis. A principal can suspend from one (1) to ten (10) days, a superintendent can suspend from one (1) to ninety (90) days, and the Board of Education can expel from one (1) day to the remainder of the present school year.

A student who is on a short term out of school suspension (1 to 10 days) must report to the principal's office for his/her make-up assignments. The student will have an equal number of days to complete the assignments in relation to the number of days he/she was suspended. Students who are on in-school suspension will do their work while they are serving their suspension and will not be given additional time to complete their assignments. If suspended students (in-school or out of school) fail to complete their make up assignments, 0's will be given.

NOTE:

1. A student on in-school or out of school suspension will not be allowed to compete in activities from the time the suspension is given until midnight of the final day in which the suspension is served.

2. A student on “out of school suspension” will not be allowed on school premises until suspension is complete.
3. If a student is guilty of an alcohol-drug related offense, the student will be suspended from activities for two (2) weeks or two (2) activities which ever is the greater length of time. If a student is guilty of a second drug-alcohol offense, the student will not be allowed to participate in activities for the remainder of the season.

EXTENDED SCHOOL DAY

A teacher who believes that a student is not working up to his/her potential may place the student on an extended school day. Parents will be notified by the instructor and the student will be required to stay after school the day of notification.

Any of these items that are found in the school before 3:30 pm will be confiscated and detention will be given ---1/2 hour per incident. Gum chewing is allowed for grades 7-12. However, if gum or gum wrappers are found on the desks, floor, etc. the principal of the school has the right to terminate all gum chewing for the length of time that is necessary to curb the unwanted behavior. Any student that is caught with gum while attending music class is subject to disciplinary action---detention, removed from class, and/or teacher and principal discretion.

Water bottles are allowed but they must be clear bottles.

CARE OF SCHOOL PROPERTY

Students should not mark on school furniture, walls, ceilings, floors, books, or any school equipment with pens, pencils, markers, or any instrument. Students are not to tamper with the fire alarms, fire extinguishers, clocks, electrical systems, plumbing systems, thermostats, and etc. Anyone who willfully destroys school property through vandalism, arson, larceny, or creates a hazard to the safety of the other students will be referred to the proper law enforcement authorities and face suspension from school along with paying restitution for the property or disturbance that they caused.

DRINKING OR USE OF TOBACCO

Smoking, chewing, or using tobacco in any fashion and/or drinking alcoholic beverages by students is prohibited in the building or on the school grounds and/or at all school sponsored activities. School sponsored activities include those activities and other functions in which our school participates, either at home or away. For school purposes(rules) carrying any tobacco, drug, and/or alcohol product is also prohibited.

THROWING SNOWBALLS

Throwing snowballs can be very dangerous and will not be permitted on school grounds.

CLASSES OUT OF DOORS

Classes held out of doors must be approved by the principal in advance.

Students caught cheating or copying daily work will receive a “Zero” grade for the day and will be referred to the Principal.

Students who are caught cheating more than once during the year will be considered habitually disobedient. (Refer to habitually disobedient behavior that is listed earlier in this handbook.)

LOCKERS

Lockers are owned by the school and are public property held in trust by the local Board of Education. While regulating and supervising the use of school lockers, school administrators act as the agents of the owners. The students exercise control of the use of his/her assigned locker by other students but not by the school officials. Student lockers may be searched by school administrators to insure safety and student welfare. Student consent will not be necessary for locker search.

TEXTBOOK AND BOOK LOCKERS

Textbooks have become very expensive, and therefore, it is critical that the students take special care in keeping them in good condition. Books that are turned in with excessive wear will require an assessment to the student who had been using it. The assessment will be charged according to the damage done to the book beyond normal wear. The same principle will apply to the use of school lockers.

If the placement committee determines that the long-term suspension or expulsion of a pupil is based upon action, behavior, or activity by the pupil arising from the pupil's handicapping condition, the placement committee shall immediately prepare a revised individual education plan to provide educational services to the pupil. 2. If, after such discussion, he/she or they are not satisfied with the disposition of the matter, he/she or they have the right to have the grievance brought to the student’s principal to resolve the problem informally.

E. FORMAL PROCEDURES:

1. If the aggrieved person or persons are not satisfied with the disposition of the problem through informal procedures, he/she or they will have three working days to submit the claim as a formal written grievance to the student’s principal.
2. The principal shall within five working days render his or her decision and its rationale in writing to the aggrieved person or persons, with a copy to the superintendent of schools for his or her files.
3. If the aggrieved person or persons are not satisfied with that disposition of the grievance at the principal level, or if the decision has not been rendered within five working days after the presentation of the grievance in writing, he/she or they may file the formal written grievance with the Superintendent of school within three working days of the principal’s decision.

4. The superintendent of schools or his/her representative shall act within ten working days after receipt of the grievance to meet with the aggrieved person or persons for the purpose of resolving the grievance. A full record of such meetings shall be kept by the superintendent. The superintendent shall within three working days of the hearing render his or her decision and its rationale in writing to the aggrieved person or persons with a copy to the school board.
5. Representatives of the aggrieved shall have the right to attend and participate in the meeting of the superintendent with the aggrieved person or persons relating to the grievance presented to the superintendent.
6. If the aggrieved person or persons are not satisfied with the disposition of the superintendent, he or she may file within three working days the grievance to the school board.
7. After receiving the written grievance, the school board shall meet with the aggrieved person or persons and the aggrieved representatives, if any, at the next regular scheduled board meeting for the purpose of resolving the grievance. The decision of the school board shall be rendered in writing within five working days and shall be final.
8. Nothing contained herein shall deprive any student, teachers, principal, superintendent, or school board of any legal right.

White Lake One-to-One Tablet Computer Policy

The focus of the Classroom Connections (One-to-One Tablet Program) at White Lake High School is to prepare students for their future, a world of digital technology and information. As we enter the twenty-first century, excellence in education requires that technology is seamlessly integrated throughout the educational program. Increasing access to technology is essential for that future, and the learning tool of these twenty first century students is the tablet. The individual use of the table is a way to empower student to learn at their full potential and to prepare them for the real world of college and the workplace. Tablets encourage students to solve problems and think critically by stimulating analytical thinking. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from the director of learning to a facilitator of learning. Classroom Connections (One-to-One Tablet Program) integrates technology into the curriculum anytime, anywhere.

The policies, procedures and information within this section of handbook apply to all tablets or other forms of technology used on or off the premises of White Lake High School. All users of technology will be informed of expectations, responsibilities and consequences related to technology prior to gaining access to the equipment.

Teachers may set additional requirements for technology use in their classrooms.

Receiving your tablet

Tablets will be distributed each fall on a date designated by the administration. Parents will attend a mandatory Parents' Night each year. At this meeting, school personnel will present information on Internet safety and the use of the tablet. Parents and students must sign and return the Use of Technology Student Agreement and Parent Approval Form along with a \$50.00 security deposit (if they haven't already) before the tablet will be issued to the student. *The \$50.00 fee will be returned when student graduates or leaves the White Lake School District if the tablet passes an inspection by school personnel for damages.*

Students will return their tablets at the end of each school year for maintenance, cleaning and software installations. Students will retain their original tablet each year while enrolled at White Lake High School.

Taking Care Of Your Tablet

Students are responsible for the general care of the tablet they have been issued by the school. Tablets that are broken or fail to work properly must be taken to the technology coordinator.

General Precautions

- * No food or drink is allowed next to your tablet while it is in use.
- * Cords, cables, and removable storage devices must be inserted carefully into the tablet.
- * Students should never carry their tablets while the screen is open, unless directed to do so by a teacher.
- * Tablets should be shut down before moving them to conserve battery life and prevent overheating.
- * Tablets must remain free of any writing, drawing, stickers, or labels that are not the property of White Lake School District.
- * Tablets must never be left in a car or any unsupervised area.
- * Students are responsible for keeping their tablet's battery charged for school each day.

Carrying Tablets

The protective cases provided with the tablets have sufficient padding to protect the tablet from normal treatment and provide a suitable means for carrying the tablet. The guidelines below should be followed:

- * Tablets should always be within the protective case when carried.
- * The tablet must be turned off before placing it in the carrying case to avoid overheating.

Screen Care

The tablet screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- * Do not lean on the top of the tablet when it is closed.
- * Do not place anything on the tablet that could put pressure on the screen.
- * Do not place anything in the carrying case that will press against the tablet.
- * Do not poke or write on the screen with anything other than the tablet's stylus.
- * Do not place anything on the keyboard before closing the lid (e.g., pens, pencils, or disks).
- * Clean the screen with a soft, dry cloth or anti-static cloth.

Using Your Tablet At School

Tablets are intended for use at school each day. In addition to teacher expectations for tablet use, school messages, announcements, calendars and schedules will be accessed using the tablet. Students must be responsible to bring their tablet to all classes.

Tablets Left at Home

If students leave their tablet at home, they must immediately phone parents to bring it to school. If the student does not have the tablet in classes that day, the homework policy will apply. The tablet is an essential tool for learning at WLHS, so students need to have it in all classes each day.

Tablet Undergoing Repair

Loaner tablets may be issued to students when they leave their tablets for repair with the technology coordinator.

Charging the Tablet's Battery

Tablets must be brought to school each day in a fully charged condition. Students need to charge their tablets each evening. Repeat violations of this policy will result in disciplinary action.

In cases where the use of the tablet has caused batteries to become discharged, students may be able to connect their tablets to a power outlet in class if it does not interfere with traffic flow in the classroom.

Sound

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.

Printing

Students may use any printers listed on their print menu, but they need to be aware of the printer that they are using and retrieve any printed materials.

Since each student has a tablet, access to the network, and courses in Blackboard Learning, printing should be kept to a minimum. Most work can be completed electronically and submitted to teachers electronically. For printing purposes each student will be given a printing account of \$15.00 for each semester. Students will be charged the following rates for printed copies.

- * \$0.10 for each copy from a laser black and white printer
- * \$0.25 for each copy from a laser color printer

Each student's account will be visible on the desktop of their tablet and will give an up-to-date account of printing costs. . If the entire amount is not used during the first semester, it will be rolled over for use during the second semester.

Managing Your Files And Saving Your Work

Saving to My Documents

Students will be logging onto the school's network in order to back up their work. Students will have their own user account and folder on the network with ample space to back up any school-related work.

The tablets are set up with a **Documents** folder in which students should save their work. The **Documents** folder will automatically save a copy of all student documents saved to the **Documents** folder to the high school server when they shut down their tablet. When a student adds a document to the **Documents** folder while working at home or away from school, that document will be copied automatically to the school server when the student logs onto the network at school.

Additional folders in the **Documents** folder may be created or added by the student. This is recommended for organization of work in various courses. All student work should be stored in one of the **Documents** folders.

Only files stored in the **Documents** folder will be automatically backed up and saved. Student work saved to a different location on the tablet will not be saved to the high school server.

Students are NOT to save personal music, video or picture files in the **Documents** folder. The White Lake School District reserves the right to monitor the contents of these folders and to delete without notice any media files not related to school work.

Software On The Tablets

Originally Installed Software

The software originally installed by the White Lake High School must remain on the laptop in usable condition and be easily accessible at all times.

The tablet is supplied with the current Microsoft operating system and with additional software including Microsoft Office, antivirus software, and monitoring software. Additional software for use in a particular course will be added when students are enrolled in the course. The licenses for this software require that the software be deleted from the tablets at the completion of the course.

Virus Protection

The tablet has anti-virus protection software. This software will scan the hard drive and floppy drive for known viruses on boot up. The virus software will be upgraded from the network. The school's storage server is also installed with virus protection software and hardware.

Additional Software

Students will not be able to run additional software on their tablets without permission. The software necessary for educational purposes has been identified by the administration and staff and has been loaded on all student tablets.

Inspection

Students may be selected at random to provide their laptops for inspection.

Procedure for re-loading software

If technical difficulties occur or illegal software is discovered, the technology coordinator will copy all files in the **Documents** folder. The hard drive will then be re-formatted. Authorized software will be installed and the data files reinstated in the **Documents** folder. The school does not accept responsibility for the loss of any software deleted due to a re-format or re-image.

Protecting and Storing Your Tablet

Tablet Identification

Student tablets will be labeled in the manner specified by the school. Tablets can be identified in the following ways:

- * Record of serial number
- * Individual User account name and password

Storing Your Tablet

When students are not monitoring tablets they should be stored in their lockers. Nothing should be placed on the top of the tablet when placed in the locker. Students must take their tablets home every day after school, regardless of whether or not they are needed. Tablets are not to be stored in the student's vehicle at school or at home.

Tablets Left in Unsupervised Areas

Under no circumstances should tablets be left in unsupervised areas. Unsupervised areas include hallways, bathrooms, and outside; any computer left in these areas is in danger of being stolen. Unsupervised tablets will be confiscated by staff and taken to the Principal's Office.

Repairing or Replacing Your Tablet

Warranty

All student tablets are covered by a comprehensive manufacturer warranty. This protects the tablets from defects in materials and workmanship. This limited warranty covers normal use, mechanical breakdown or faulty construction and will provide replacement parts necessary to repair the tablet or tablet replacement. The warranty **does not** warrant against damage caused by misuse, abuse, or computer viruses. Please report all tablet problems to the technology coordinator.

Accidental Damage Protection

The tablets are covered against accidental damage. This includes liquid spills, accidental drops, power surges, and natural disasters. The coverage does not provide for damage caused by fire, theft, loss, misuse, intentional or frequent damage or cosmetic damage. Parents will be responsible for adding the tablets to their homeowners or other insurance to protect against theft or damage outside of school, or must sign a waiver stating that they will pay the District the full amount of any uncovered damages or loss. The technology coordinators will assess the tablet damage and the machine will be repaired or replaced at no cost if the damage is determined to be accidental, infrequent, and within the coverage guidelines. Please report any tablet problems to the technology coordinator.

Fees For Lost Items or Damage Due to Misuse or Neglect

Damage to the tablet may not be accidental and may be caused through intentional misuse and mishandling of the tablet by the student or through neglect for proper care. For this type of tablet damage, as determined by District staff, the student may be responsible to cover any repair costs incurred by the school. If a student loses their stylus, charger, bag, tablet or any other district property, they will be charged replacement cost at current market values.

Students must pay the fines for tablet damage before the tablet will be returned to them.

If students consistently cause damage to their tablets, as determined by the administration, they will be denied use of the tablet outside of the school day.

Tech Support

The technology coordinator facilitates the repair work for tablets. Services provided include the following:

- * Hardware maintenance and repairs
- * Password identification
- * User account support
- * Operating system or software configuration support
- * Application information
- * Re-imaging hard drives
- * Updates and software installation
- * Coordination of warranty repairs

ADMINISTERING MEDICINES TO STUDENTS

The White Lake School District strongly discourages the administering of prescription and non-prescription medication to students. The Board of Education recognizes that students may need to take medications at one time or another. We encourage parents to set up student medications during non-school hours. If it is impossible to avoid school hours, we encourage parent(s)/guardian(s) to close relatives to come to the school and administer the medication.

Students in Grades PreK through Six will not be permitted to take medication while at school unless such medicine is given to them by school personnel acting under specific written request by the parent/guardian and under the written instructions of the student's physician.

When such a request is made by a parent/guardian, a full release from the responsibilities relating to the administration and consequences of such medications must also be presented to the Principal by the student's parent/guardian.

The above policy covers all prescription and other drugs, including aspirin, Bufferin, and Tylenol.

Services such as medication dispensing will be provided at school when the principal has determined that it is a necessary and appropriate service for the district to provide such. The following rules apply:

1. Diagnosis and treatment of illness are not the responsibility of the district and shall not be practiced by school personnel.
2. School personnel shall not provide aspirin or any other medication to students.
3. "Over the counter" drugs shall not be supervised or kept in the school office unless directed by a physician.
4. Students requiring medications at school shall be identified by the parent/guardian to authorized school personnel.
 - A. A completed "Request and Authorization for Medication" form (706A) shall be submitted to the school official.
 - B. Medication shall be brought to the school by the parent/guardian in a bottle, labeled by the pharmacy, including the student's name, medication name, physician, and dosage of the drug to be taken.
 - C. The medication shall be supervised and recorded immediately on the "Log Of Medication Supervised" form (706B) after the supervision by school personnel is delegated by the Principal.
 - D. In specific situations, students in Grades Seven through 12 may be responsible for their own medication and self administration. Parents/guardians shall send only the medication needed for the day with the student.
5. The need for other physician prescribed services shall be reported to the Principal.
6. Recording forms for physician prescribed services shall be retained in the school office in a Health Services working file for a year and then destroyed.

Policy On Children and Youth In

Homelessness exists or has the potential to exist in our community. A combination of high housing costs and poverty causes many families to lose their housing. Many young people leave their homes due to abuse, neglect, and family conflict. Children and youth who have lost their housing live in a variety of places, including motels, shelters, shared residences, transitional housing programs, cars, campgrounds, and others. Their lack of permanent housing can lead to potentially serious physical, emotional and mental consequences. This school district will ensure that all children and youth receive a free appropriate public education
