2. To encourage positive experiences in human values for children and adults who have differing personal and family characteristics or who come from various socioeconomic, racial and ethnic groups.
3. To carefully consider, in all decisions made which affect the schools, the potential benefits or adverse consequences that those decisions might have on the human relations aspects of all segments of society.
4. To initiate a process of reviewing all policies and practices of this school district in order to achieve to the greatest extent possible the objectives of this policy.
5. To work toward a more integrated society and to enlist the support of individuals as well as that of groups and agencies, both private and governmental, in such an effort.

The Board's policy on nondiscrimination will extend to students, staff, the general public and individuals with whom it does business.

Inquiries concerning the application of Title VI (Business Manager); Title IX (Superintendent); or Section 504 (Principal) may be made at 300 South East Street, Kimball, South Dakota 57355 or 410 E 4th Street, White Lake SD 57383 – by phone (605) 778-6231 or (605) 249-2251 - or to the Regional Director, Department of Education, Office for Civil Rights, 1244 Speer Blvd. Suite 310, Denver, Colorado 80202-3582.

In compliance with applicable federal laws and regulations, Kimball and White Lake School Districts have appointed the Superintendent of Schools to coordinate district programs and compliance with federal mandates prohibiting discrimination. The Kimball School Superintendent can be reached at Box 479, Kimball SD 57355, phone-778-6232. The White Lake School Superintendent can be reached at Box 246, White Lake SD 57383, phone-249-2251.

## **CLUB SPORTS**

A club sport is an activity that may or may not be financially supported by the school district. Club sports can be affiliated with the school but may be financially supported by the parents, athletes or other entities. Athletes participating in club sports must follow all rules and policies in accordance with the Kimball/White Lake Athletics Handbook. (Current Club Sport: Trap, Rodeo)

## **CONCUSSIONS**

Every athlete will complete an online concussion test, every other year, prior to the start of the sport season. This test will be administered by school administration or the school athletic trainer. The purpose of the test is to provide baseline measurements which can be utilized if the athlete suffers a concussion. A baseline test will be completed each year before allowed participation in activity. Please refer to Appendix B for Return to Play Criteria for an athlete who suffers a concussion.

## **PARENT/COACH RELATIONSHIP**

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to children. As parents, when your children become involved in our program, you have the right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child's program.

## **COMMUNICATIONS YOU SHOULD EXPECT FROM YOUR CHILD'S COACH**

1. Philosophy of the coach.
2. Expectations the coach has for your child as well as all players on the squad.
3. Location and times of all practices and contests.
4. Team requirements, i.e. fees, special equipment, off-season conditioning.
5. Procedure should your child be injured during participation.
6. Discipline that result in the denial of your child's participation.

## **COMMUNICATIONS WHICH COACHES EXPECT FROM PARENTS**

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concern in regard to a coach's philosophy and/or expectations.

As your child becomes involved in the programs at both Kimball and White Lake High School, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. At these times discussion with the coach is encouraged.

## **APPROPRIATE CONCERNS TO DISCUSS WITH COACHES**

1. The treatment of your child; mentally and physically.
2. Ways to help your child improve.
3. Concerns about your child's behavior.

It is very difficult to accept your child's not playing as much as you may hope. Coaches are

professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your child's coach. Other things, such as those following, must be left to the discretion of the coach.

### **ISSUES NOT APPROPRIATE TO DISCUSS WITH COACHES**

1. Playing time
2. Team strategy
3. Play calling
4. Other student-athletes

### **PROCEDURE TO FOLLOW IF YOU HAVE A CONCERN TO DISCUSS WITH A COACH**

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the others position. When these conferences are necessary the following procedure should be followed to help promote a resolution to the issue of concern.

1. Call to set up an appointment.
2. If the coach cannot be reached, call the Activities Director. The AD will set up the meeting for you.
3. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times and they do not promote resolution.

### **SCHOOL CLOSING AND EXTRA-CURRICULAR ACTIVITIES**

If school is not in session due to inclement weather, including excessive heat or humidity, all practices and activities (athletic and non-athletic) will be canceled. The Superintendent may allow an activity to be held, at his discretion.

### **STUDENT ACTIVITY TRANSPORTATION**

All students participating in an out of town school activity shall travel to and from such activities on vehicles furnished by the school district and under approved school supervision unless excused as herein provided:

1. A school administrator, upon prior parent or guardian request in writing, and provided a release form is signed in advance in the presence of a school official, and after consultation with the instructor/coach involved in the activity, may:
  - a. Allow a student to travel to and/or from an activity with a parent or guardian.
  - b. Allow a student to travel to and/or from an activity with an adult other than a parent or guardian.
  - c. Allow a student to be released to alternative transportation and supervision at some point between the site of the activity and Kimball/White Lake.
  - d. Allow a student to travel to and/or from practice with personal vehicle if school transportation is not available. (Must be approved by school administration.)
2. An instructor/coach may, at their discretion, allow a student to travel to and/or from an activity with a parent or guardian of a student upon request of the parent or guardian

personally made to the instructor/coach.

## **POLICIES AND REGULATIONS**

### Effective Dates

The effective dates of this policy will be as follows:

Beginning date will be either on the first meeting held for the activity or on the first day of school.

Ending dates will normally be on the last day of school. The ending date for state track meet and state golf meet participants will be when the participants return from the state meet.

### Absences and Extra-Curricular Activities

To participate in extra-curricular activities held after regular school hours, a student must attend school for a minimum of (one-half a school day or the equivalence of 4 periods) and the absence for the remainder of the day must be excused. This rule may be waived by the Administration.

### Physicals

In accordance with SDHSAA regulations, students must pass a physical examination in order to participate in a sport. The athlete must turn in to the main office a physical card signed by a licensed physician before he may practice. A physical form turned in after last day of school meets the requirements for all sports during the next school year. Physicals will be at the parent's expense and are required every year for students participating in extra-curricular activities.

### Curfew

Athletes will be subject to a curfew on the night prior to a competition, match, event, or game. The curfew will be set at 10:30PM. The curfew will not apply if athlete is under supervision of a parent/guardian. If transportation back from a school sponsored event exceeds the curfew, athletes will have 30 minutes extended to their curfew from the time they are released by the activity administrator.

1<sup>st</sup> Offense: Warning

2<sup>nd</sup> Offense: Ineligible for (1) competition date

3<sup>rd</sup> Offense: Ineligible for (2) competition dates

### Basic Participation Rules

Participation in extra-curricular activities is a privilege extended to all students. It is the intent of policies governing these activities to encourage participation by any student who wishes to avail themselves of the opportunity. As with any activity, the participant is expected to follow certain rules. There are four basic rules sometimes referred to as training rules. These rules are:

- a. a participant shall not use alcoholic beverages
- b. a participant shall not use tobacco or vaping products
- c. a participant shall not use a controlled substance nor possess any controlled substance or paraphernalia
- d. inappropriate behavior (behavior not in line with good sportsmanship or which can be deemed abusive toward another person.)

Regarding violation of basic participation rules in the event that a student violates these rules **anytime during the school year**, if they have less than two weeks of competition remaining for that season, the penalty will carry over to the next extra-curricular activity but will not carry over to the next school

year.

Prior to imposition of any punitive action, any alleged violation of the basic participation rules will be reviewed by a committee consisting of the coach/ supervisor, athletic director/activities coordinator, and principal/administrator.

Any sixth grade student who participates at the Junior High level is subject to all policies and regulations.

Violation of the above rules will result in the following consequences:

### **First Offense**

A student will be suspended from participation in all athletic activities for two (2) competition dates. This includes all meets, tournaments, and games, but not practices or rehearsals. In addition, the student will not receive a letter or award in any activity he/she is participating in at the time.

It is not the intent of this policy to be punitive with consequences for first-time violations by automatically removing a letter. Our intent is to encourage the participant to recognize their error and to recognize the necessity of following the rules therefore, a student may petition during the last month of school to have the letter reinstated. The determination will be made by the director of the particular activity, the assistant director (if there is one) and the Activities Director. Lack of cooperation, improper attitude, and other lack of respect for the activity are some factors that will be considered in making a decision. A suspended student will be required to attend events with the team in street clothes.

### **Second Offense**

A student will be suspended from participation in all extra-curricular activities for the remainder of the current sport season. The student will not receive a letter or award in any activity he/she is participating in at the time of the offense. In addition, the student will forfeit the right to petition for reinstatement of awards which were revoked at the time of the first offense. A suspended student will be required to attend events with the team in street clothes.

### **Third Offense**

The student will not be allowed to participate in any extra-curricular activities of any manner for the balance of the school year. ALL rights to petition for reinstatement of awards are forfeited.

## **ACADEMIC ELIGIBILITY**

Middle school shall have the same policy as high school.

### **1. SDHSAA Regulation**

A student must pass four solid or core academic subjects per semester. If a student does not pass four "solids" the first semester, then he/she will be ineligible for the second semester.

For a complete list of SDHSAA rules, see Appendix A.

### **2. School District Policy**

Athletes will follow their school's academic eligibility policy. A student must pass all academic classes. If a student is failing a class, the student shall be ineligible until the next

grade check. At that time, all grades will again be checked and if all grades are passing, the student is once again eligible. If the student is not passing all of their classes, they are still ineligible until the next grade check point.

3. Ineligibility due to grade deficiency is effective upon written notification to parents. The parents will be deemed to be notified on the day after the notification of deficiency is mailed, with the exception of Saturday mailing, in which case parents will be notified the following Monday.

An ineligible student will be required to attend events with the team dressed in street clothes.

## **POLICIES FOR EARNING A LETTER**

### Letter Awards

Individuals will receive a “KWL” emblem for lettering the first time. They will receive only one letter while attending Kimball/White Lake High School. All awards after the first letter will be a bar and/or a certificate.

### Special Awards

Special awards for basketball, football, volleyball, cross country, track, wrestling, golf, and cheerleading will be decided upon by the respective coaches. No more than 6 awards will be presented for each sport.

### Letter Requirements

- a. Basketball: 1/4<sup>th</sup> of total quarters of varsity game play and/or coaches’ discretion.

To meet the lettering requirements, a participant must complete the season for the activity, unless injury of sickness prevents the completion of the season. ### **DUAL SPORT GUIDELINES**

Generally this means which sport will take priority in practice and competitions when conflicts arise.
  - Approval may be denied or rescinded because of academic concerns at any time during the season. In such cases, the athlete will participate only in the primary sport.
  - The head coaches of each sport must mutually agree to the participation of the athlete in two sports. Approval is also required from administration and parents/guardians.
- Any penalties issued as a result of a violation of the athletic code of conduct will apply to BOTH sports. Once a primary sport is declared, the decision cannot be changed for that sports season, (example: Fall, Winter, Spring.) Practice requirements and game/meet expectations for both sports shall be established prior to the start of the sport seasons in consultation with all coaches involved. This declaration agreement must be done on a yearly basis.

### **KIMBALL/WHITE LAKE COOP SAME SEASON VARSITY DUAL-SPORT PARTICIPATION**

The KWL coop seeks to provide quality co-curricular athletic opportunities for its students. Some students may have talents and abilities that can be beneficial in more than one area, therefore may desire to contribute to more than one team in a particular athletic season. Participation in athletics can be boosted by allowing students the opportunity to do both.

## **PARTICIPATION IN TWO VARSITY ACTIVITIES DURING THE SAME SEASON**

Student-athletes are allowed to participate in two co-curricular athletic activities during the same season. Students wishing to participate in two sports during the same season will need to obtain a request form from the Athletic Director in either the White Lake or Kimball School and follow the guidelines established by the athletic department involving dual sport participation.

Student-athletes are not allowed to participate in “open gyms” as well as other non-school competition in another sport, on the same day they are participating in a school-sponsored co-curricular athletic activity without permission from the head coach of the sport in which they are currently participating and the building principal.

### **ADMINISTRATIVE GUIDELINES:**

#### **REQUIREMENTS OF DUAL-SPORT PARTICIPATION**

1. A student who wishes to participate in two sports during the same season must designate a primary sport before the beginning of the first appointed date of practice set by the SDHSAA for the season of participation.
2. A primary sport is defined as the sport which takes precedence over another sport in the event there is a conflict of schedule or any other matter that could lead to a conflict. **If one sport has a contest and the other has practice, the contest will take precedence.**
3. A student will be allowed to miss practice to compete in a competition of the secondary sport, however, the primary sport coach may assign additional workouts to make up for the missed practice.
4. The student must practice in both sports, but the amount of practice time must meet the agreed requirements of the head coaches of those sports involved. Practice schedules will be arranged between the athlete and the coaches of the two sports. Whenever possible, the student will practice with a secondary sport team whenever a contest is scheduled the following day. If practice is not occurring regularly, the student-athlete will be dropped from the secondary sport.
5. A head coach has the right to deny the dual sport participation if he/she feels that the dual participation is detrimental to the athlete’s potential in either sport or team chemistry.
6. Approval may be denied because of academic concerns at any time during the sports season. The athlete then will participate in the primary sport only.
7. The student and parents or legal guardians must sign a contract of dual-sport participation before the first practice session he or she attends.
8. In the event that a student is disciplined for any infraction in a specific sport, the consequence will also be applied to the second sport in the season of dual participation. For example-Student A is suspended 25% of a season for an infraction, that suspension is to be served for both the primary sport and the non-priority sport.
9. The Athletic Directors and High School Principals will serve in the capacity of advisors and final judgments on matters concerning dual-sports participation.
10. Cheerleading is also subject to these dual sport participation guidelines.

### **REQUEST FOR DUAL SPORT PARTICIPATION FORM**

It is the intention of the athlete named below to participate in two Varsity sports during the same season. In order for this to occur, the following stipulations must be met in accordance with the Kimball-White Lake Athletic Department procedures:

1. The process must be initiated by a scheduled conference with the KWL Coop Athletic Directors, student-athlete, and his/her parents or legal guardian.

2. The athlete must declare which sport is primary and secondary for participation purposes.
3. Approval may be denied because of academic concerns at any time during the sport season. The athlete then will participate in the primary sport only.
4. Practice and Game/Meet requirements must be established prior to the sport season. Contests take precedence over practices, and the primary sport contests take precedence over the secondary sport contests. This will be detailed in writing below after a meeting between Ads and the two head coaches. A copy of the practice and contest schedules will also be given to the student.
